

Preparation of the CAP Strategic Plan in Finland

Counsellor Sanna-Helena Fallenius
Permanent Representation of Finland to the EU

29.3.2019

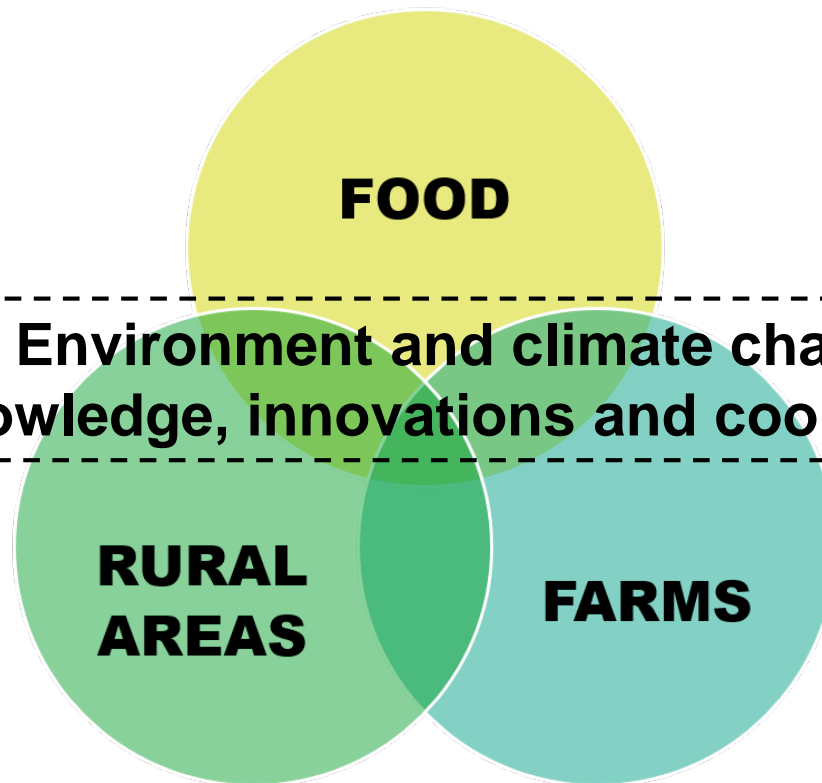

Finland's national focus for the next CAP period (Nov 2017)

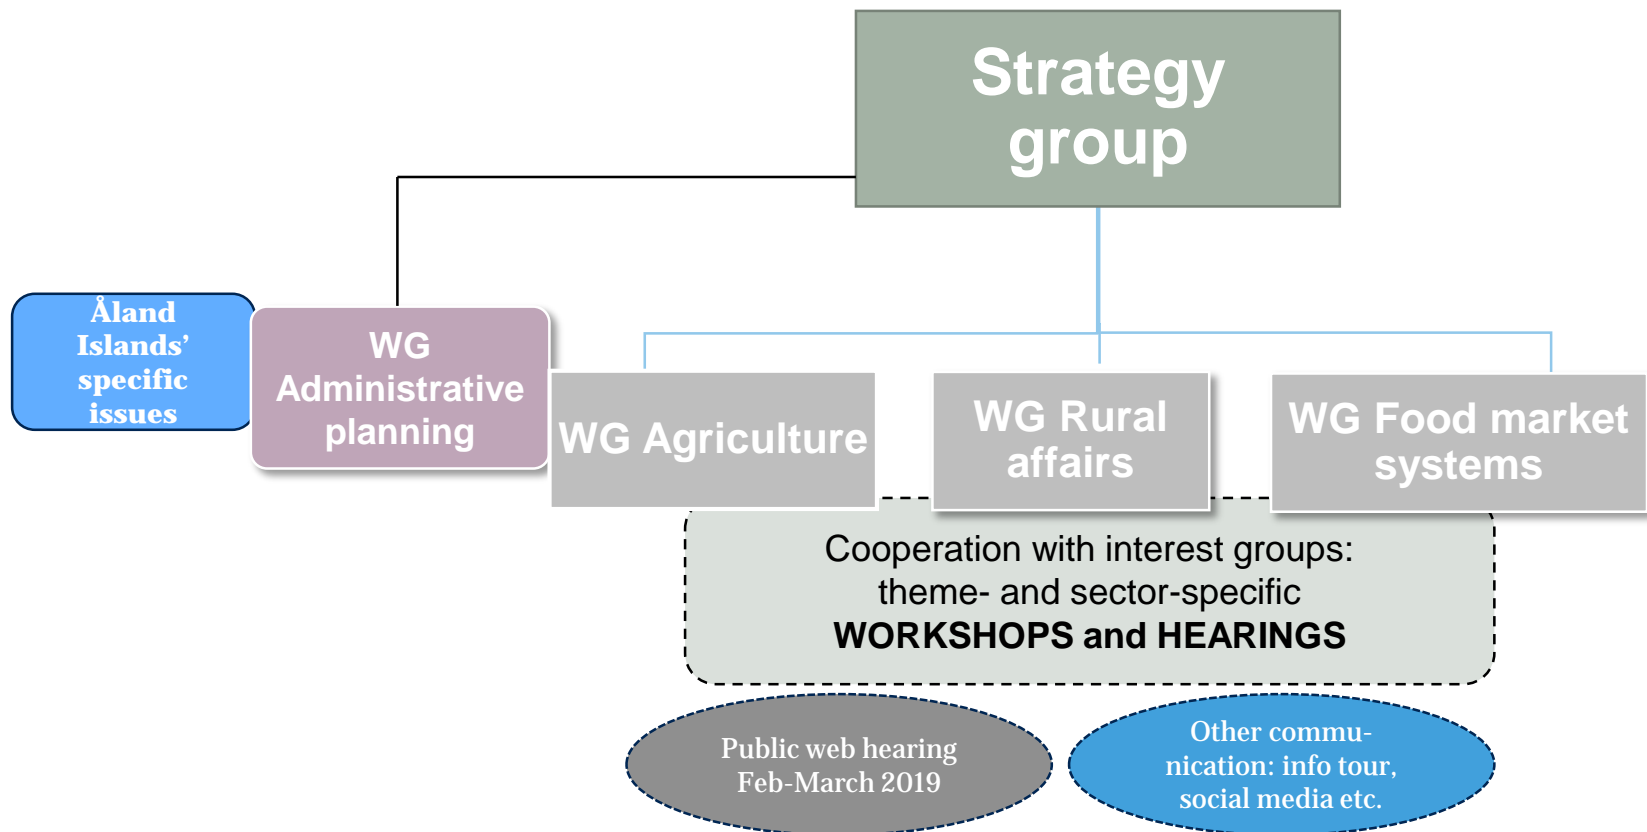

**Cross-cutting
themes**

**Environment and climate change
Knowledge, innovations and cooperation**

Preparing the Finnish CAP model

Finland's national CAP preparation (1)

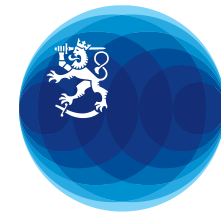

- In 2018 the official national organisation was modified for better coordination between national needs and the new CAP architecture and the new delivery model
- Preparation of the CAP Plan started from SWOT analyses and needs assessments, heading towards actual CAP interventions needed in Finland

Finland's national CAP preparation (2)

- 27 theme-specific workshops with various interest groups and stakeholders (incl. environmental NGOs, farmers union, individual farmers, regional administration etc.)
 - networking, gathering ideas, knowledge transfer (Nov 2018 - April 2019)
- Sector-specific hearings and discussions: lessons learnt, needs for the future CAP measures (Oct 2018 – April 2019)
