	School fruit and vegetables	School milk
Number of portions supplied/distributed per child	60	42
Comments		Average number of school milk portions distributed in the school year (distributed quantities divided by the average portion size and the number of participating children). In NL there are two ways of distribution: 11 self-declaring schools that buy milk, and one major supplier for the remaining schools. The supplier delivered 40 portions per participating child. Children in the 11 schools could receive up to 160 portions.
