

Food fraud and GlS – How to proceed further

Joint Research Center, Fraud Detection and Prevention Unit

Food fraud

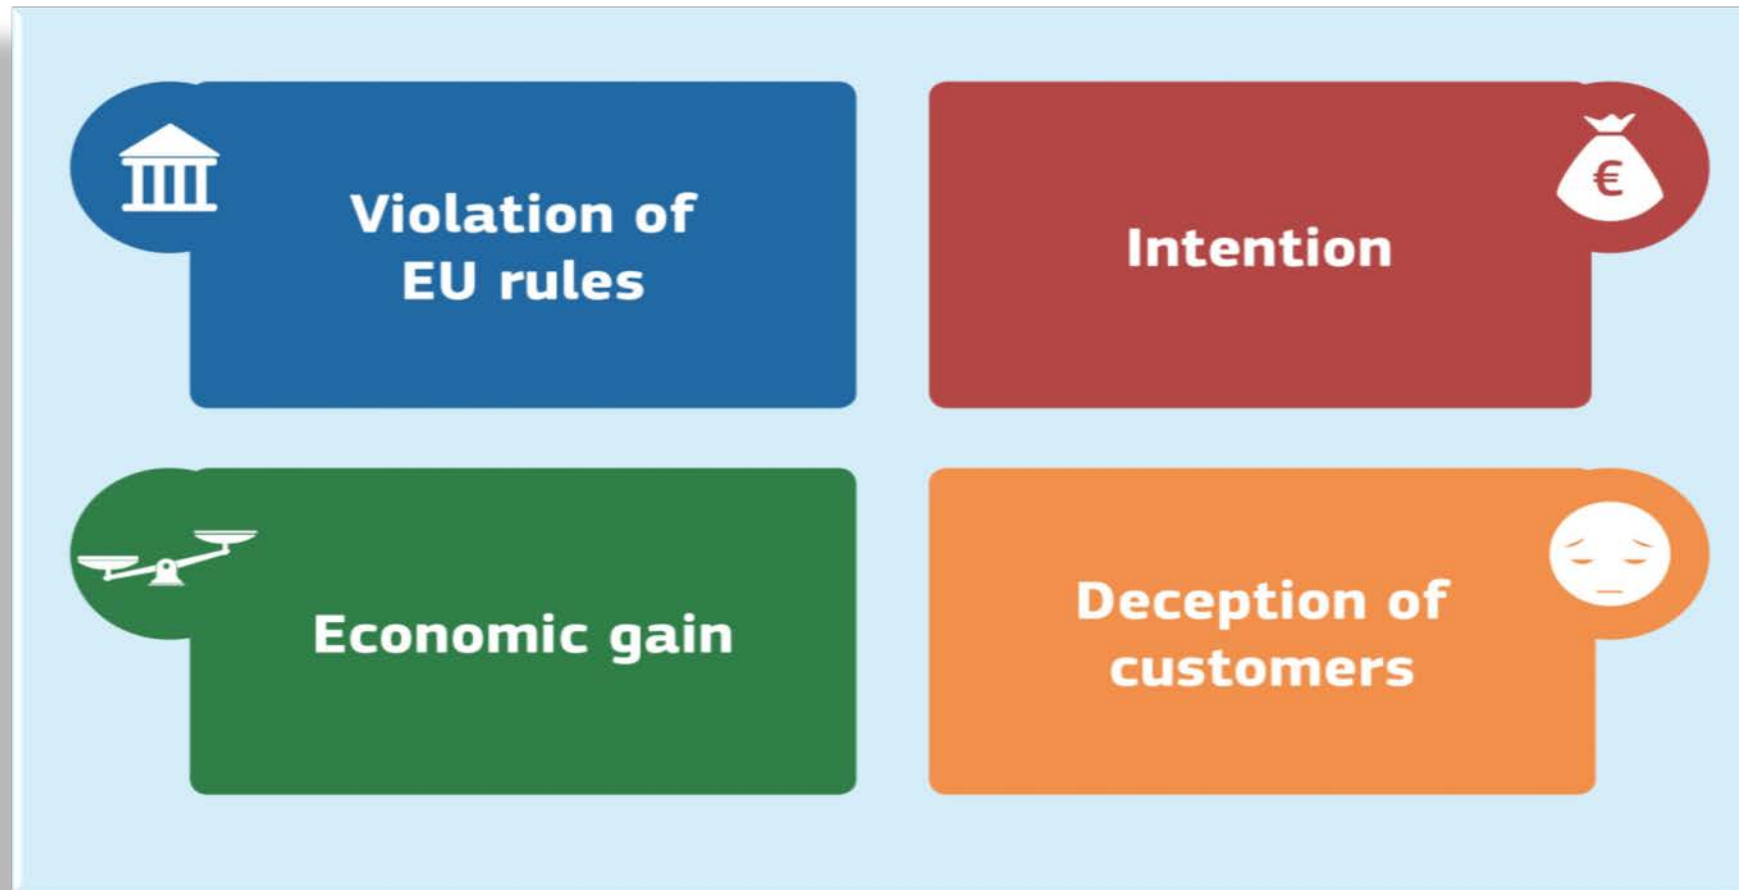

This will include actions to combat food fraud, including strengthening enforcement and investigative capacity at EU level, ...

European Green Deal Communication

The Commission will scale up its fight against food fraud ... It will work with Member States, Europol and other bodies to use EU data on traceability and alerts to improve coordination on food fraud. It will also propose stricter dissuasive measures, better import controls and examine the possibility to strengthen coordination and investigative capacities of the European Anti-Fraud Office (OLAF).

Secure Christmas food fraud, warns experts [CE](#)
 5 European food safety experts warn that the festive season is a high-risk period for food fraud. Manufacturers should be particularly vigilant over the festive season, warned food safety and food protection from fraud. The firm's operations manager Tracey Cranney said: "Having to compete with successful low price retailers is tough, especially heading into the festive season when food budgets will be cut to allow spending in other areas..."

Food Fraud Cases

The Italian Carabinieri, supported by Europol within the context of operation OPSON IX, dismantled a criminal organisation counterfeiting high-value wines. Counterfeiters filled empty wine bottles from expensive wine brands with cheap wines and later-on sold them online as premium products in Belgium, France, Germany, Italy, Spain and the United States.
