INDICATIVE FIGURES ON THE DISTRIBUTION OF AID, BY SIZE-CLASS OF AID, RECEIVED IN THE CONTEXT OF DIRECT AID PAID TO THE PRODUCERS ACCORDING TO REG. (EC) No 1259/1999

(FINANCIAL YEARS 2002 AND 2003)

1. SOURCE OF THE INFORMATION

Pursuant to Commission Regulation (EC) No. 2390/1999, the services of the Commission receive from the Member States, on an annual basis, the details of all individual payments made to the beneficiaries of the EAGGF¹ Guarantee section. This computer information is loaded into the CATS² database, for further use in the context of the "Clearance of Accounts" procedure.

CATS is a very large detailed database of EAGGF Guarantee payments³. It includes comprehensive data relating to payments, beneficiaries, applications, products and inspections, and was created to assist the Commission in carrying out audits of the agricultural expenditure.

Commission Regulation (EC) No. 419/2002 allows to aggregate these detailed computer records for monitoring developments and providing forecasts in the agricultural sector. The attached tables have been produced in this context.

2. SCOPE OF THE DISTRIBUTION FIGURES (EU15)

The figures cover the expenditure paid as direct aid according to Regulation (EC) No 1259/1999 for financial years 2002 and 2003, and are based on the total amounts aggregated by every individual beneficiary identification code ('unique identifier'). Part of the expenditure (approximately 5,6 %) has been excluded from the overviews because of missing information on the final beneficiary (see 3.3) or because of known cases of problems with the 'unique identifier'.

¹ "European Agricultural Guarantee and Guidance Fund"

² "Clearance Audit Trail System"

³ For financial years 2002 and 2003, respectively 44.8 MIO and 41 MIO records had to be processed. Each record can contain up to 128 different fields.

3. LIMITATIONS

- 3.1. While in general data quality is adequate for use in the clearance of accounts activity, care must be exercised over use of the data for other, analytical purposes. The requirement for a 'unique identifier' only came into effect from 1st January 2003 onwards following the introduction of the new IACS Implementing regulation⁴. Inconsistencies in the application of the 'unique identifier' can therefore not be excluded for the covered timeframe. The total number of beneficiaries is likely to differ slightly from the real number, which will have an impact on the total amount by beneficiary. The attached tables therefore present "indicative" and not totally precise figures.
- 3.2. The Member States have been invited to confirm the order of magnitude of the draft 2002 and 2003 figures.
- 3.3. Furthermore, it should be clear that in the statistics on all direct payments, some sectors are not included. Indeed, in certain cases, the direct aid is not paid directly to the final beneficiary, but rather to producer associations which distribute on their turn the money further to their associates. This mainly concerns premiums for tobacco with an approximate expenditure of 952 MIO € for 2002 and 950 MIO € for 2003.
- 3.4. In order to protect the anonymity of the beneficiaries, numbers of beneficiaries less than 10 have been made invisible in the attached tables, although they figure in the totals.
