

# Harnessing the potential of the CAP delivery model – scene-setter

Technical workshop on governance and performance  
12 April 2024

*Sylvie Barel*  
*DG AGRI A.3 Policy performance*

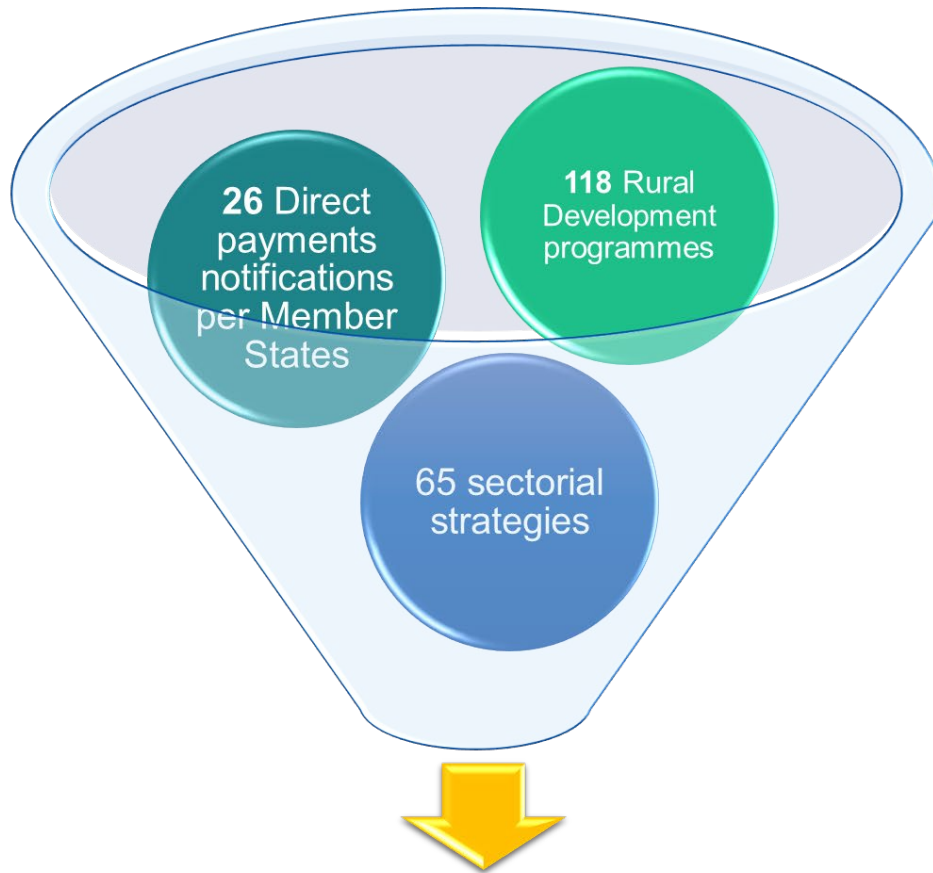

# A strong focus on performance...

- ... indicators and quantification of results
- The increased focus on performance is widely acknowledged and appreciated by the ECA, DG BUDG and expectations for accountability are high among other stakeholders
- EP and Council want even more => discharge procedure
- But it came at a cost and some improvements are necessary

A good governance is also key to reach our objectives

# The new delivery model brings value

**28 CAP Strategic Plans**

# Need for simplification & need to deliver

# Complex intervention logics for a complex policy

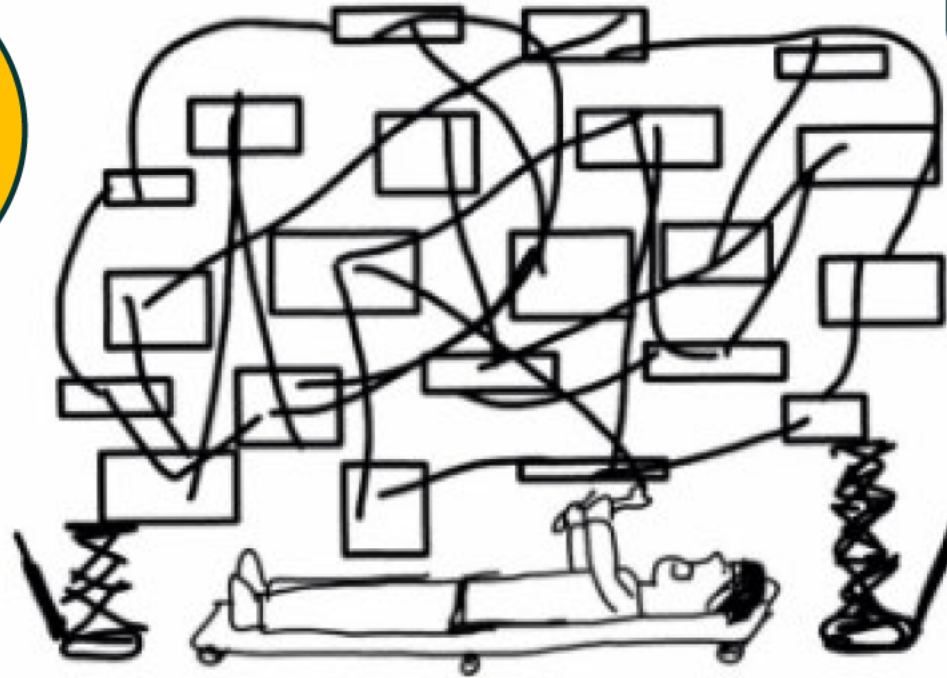

Multiple objectives

Difficulty to plan certain interventions

Numerous and heterogeneous needs

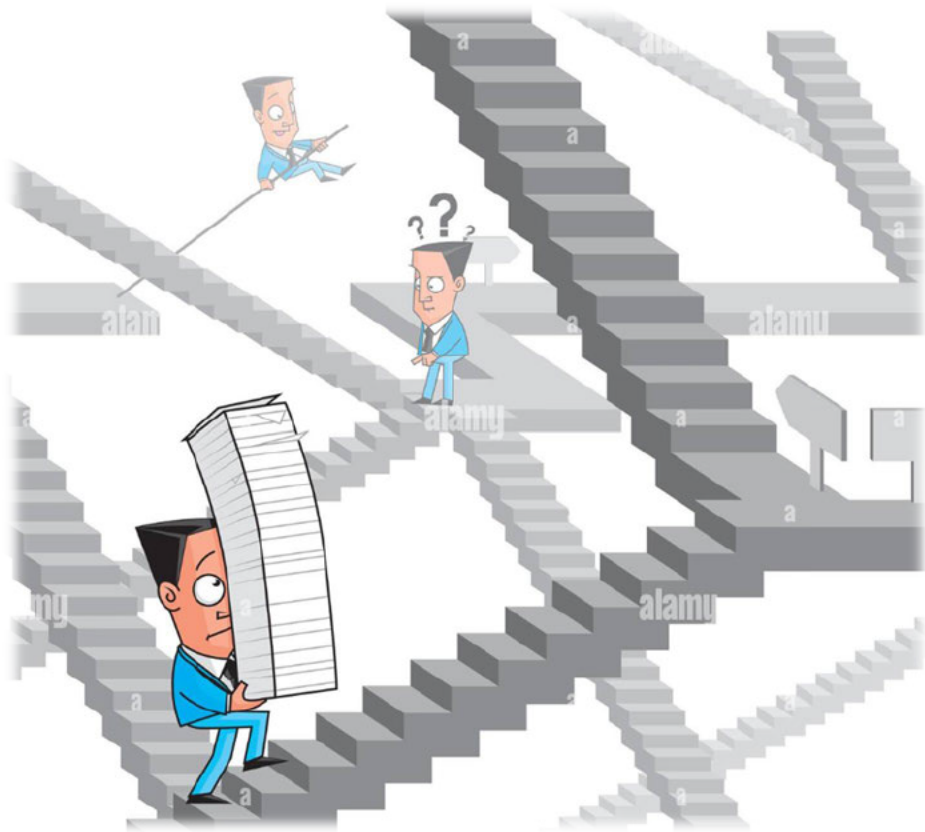

Difficulty to set certain targets

2 500 interventions

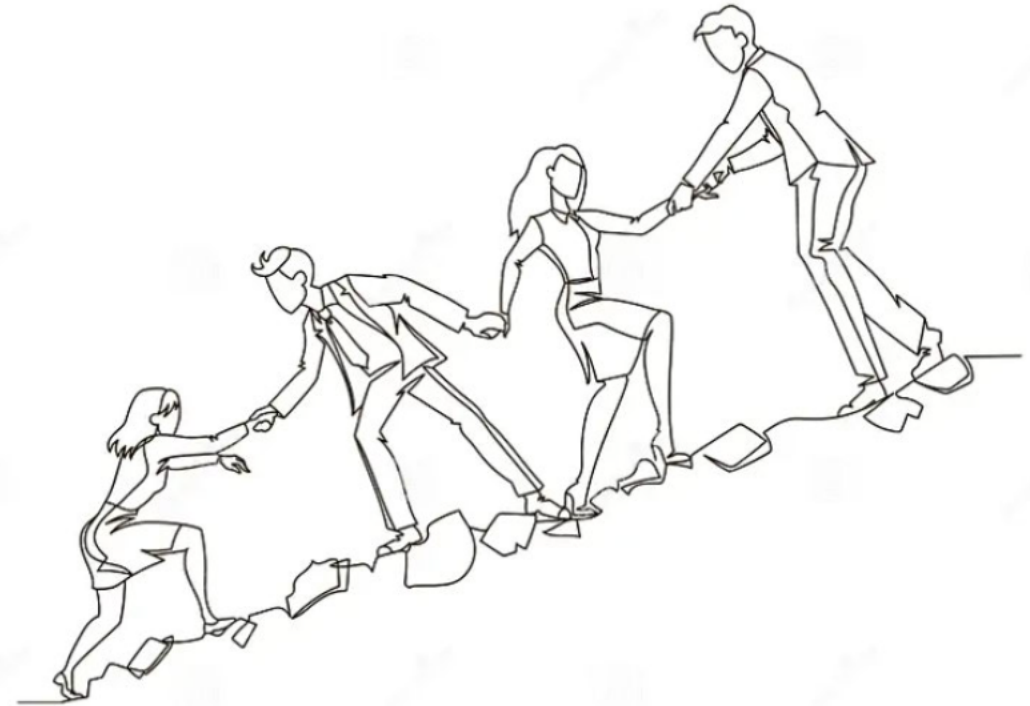

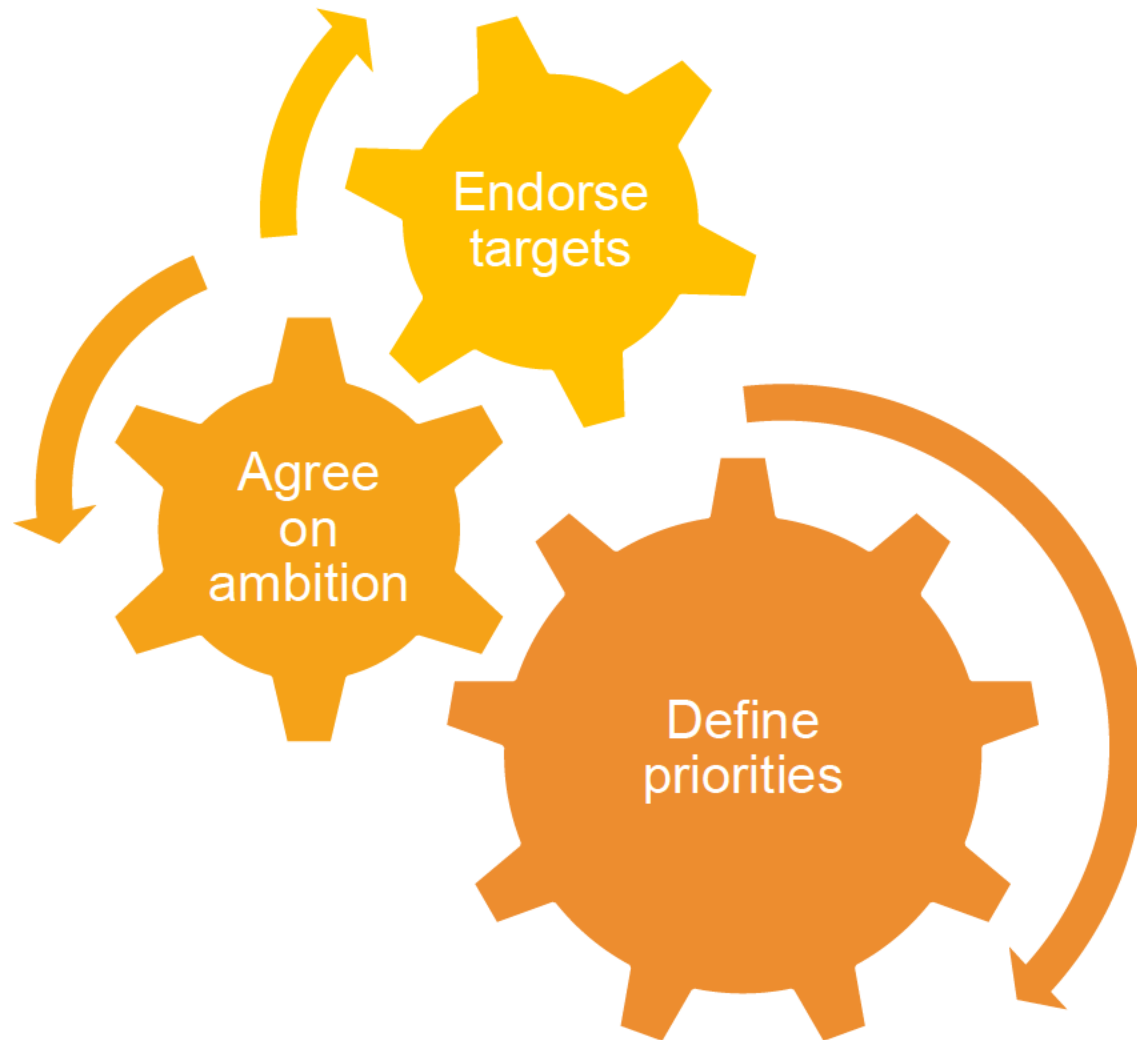

# Steep learning curve due to new processes and requirements

# Diverse interests towards common objectives

# The way forward

How to harness the potential of the CAP delivery model ?

- for enhanced performance on objectives
- for efficient administrative processes
- for increased trust and better cooperation
