

# EGTOP

**Civil Dialogue group**

**7 October 2022**

**DG AGRI. B4**

# New EGTOP had 2<sup>nd</sup> plenary Meeting 8,9,10 June

1) *Reports Fertilisers /ppps and Feed/petfood published [EGTOP reports \(europa.eu\)](https://europa.eu)*

*Recommendations EGTOP taken into account in IA amending and correcting Reg (EU) 2021/1165*

2) *Next meetings planned*

3) *On-going work and pending and new requests*

4) *Next plenary 12-14 December*

5) *Access to agenda and minutes*

*[Register of Commission expert groups and other similar entities \(europa.eu\)](https://europa.eu)*

# Meetings past and planned

| Subgroup                       | chair  | rapporteur       | Date meeting                        | nr of experts<br>(goup/reserve list) |
|--------------------------------|--|------------------|-------------------------------------|--------------------------------------|
| PPPs/fertilisers               | Frank Oudshoorn  | Bernhard Speiser | 5, 20, 22 April (3 half days)       | 8                                    |
| Feed/pet food                  | Isabelle Blanco Penedo / Paula Quintana Fernandez          | IBP/ PQF         | 29 April, 5, 6 May (3 half days)    | 7                                    |
| Plenary                        | Cristina Micheloni   | AGRI B4          | 8/9/10 June                         | 5-7 (tbs)                            |
| Feed/pet food                  | Isabelle Blanco Penedo / Paula Quintana Fernandez          | IBP/ PQF         | 12, 24 October; 2 November          | 8-10 (tbs)                           |
| Cleaning and disinfectants     | Sari Autio   | tbs              | 28 October<br>(preparatory meeting) | 7                                    |
| Food processing and techniques | Jacopo Goracci/ Cristina Micheloni (co-chair)              | tbd              | 14-16 November                      | 3-5                                  |
| Factory farming                | Paula Quintana Fernandez/Isabelle Blanco Penedo (co-chair) | tbs              | 2023                                | 13                                   |
| Plenary                        | Cristina Micheloni   | AGRI B4          | 12-14 December                      | 13                                   |

# ON-GOING WORK

## **Factory Farming:**

*Continue work based on MS comments on EGTOP report*

*Issues: positive/negative list-restrictions/criteria/guidelines-*

*Definition needed?*

*Exemptions for biogas digestate?*

*To include also Frass/Dejecta of insects*

*Review of Emissions directive-criteria size farms*

*Terms of Reference*

## **Cleaning and Disinfection:**

*Criteria, products and substances*

*Continue work based on MS comments on EGTOP report*

*Issues: Algae, enzymes, separate lists C and D, purpose, eco-label, contamination*

*To see also if specific needs for insects (livestock buildings, processing, storage)*

# Report Plant Protection Products VII: published

## ***PPP VII: EGTOP Recommendations***

- *Insect traps pyrethroids: new uses; (expiry date proposed)*
- *Molluscicide: ferric pyrophosphate (Low Risk Substance);*
- *Fungicide: Lupinus extract (BLAD) (Low Risk Substance)*

## ***Draft Implementing Act amending and correcting Regulation (EU) 2021/1165***

# Report Fertilisers V: published

## ***Fertilisers: EGTOP recommendations***

*Cantine waste to be included in Household waste: Biowaste*

*EGTOP: to monitor the presence of pesticide residues*

*Struvite: EGTOP: all types of struvite authorised in horizontal legislation*

*Bone charcoal: negative (EGTOP: new concerns for biochar)*

*Muriate of potash (KCl); EGTOP: only natural origin*

*Phosphogypsum (soil conditioner): negative*

*FRITS (waste product ceramics); complementary data needed*

*EGTOP suggested to start a more general discussion on the use of recycled products/nutrients as fertilisers.*

***Draft Implementing Act amending and correcting Regulation (EU) 2021/1165***

# Report Feed VI/pet food I: published

## ***Pet food***

*Locust bean gum (pos, restricted);  
Acacia (Arabic gum) (pos,  
restricted); ; Carrageenan (pos,  
restricted);  
Ammonium chloride (E451) (pos,  
restricted);  
(ortho-) phosphoric acid (neg)  
Calcium pidolate;  
Taurine (pos, restricted);  
Methionine (neg);  
Disodium dihydrogen  
diphosphate(SAPP)(pos , restricted)  
Pentadisodium triphosphate (STPP)  
(pos, restricted)*

## ***Feed***

*Leonardite (neg) ;  
Sepiolitic clay (pos);  
Peat (neg as feed; carrier for  
Iron tbd)*

***Draft Implementing Act  
amending and correcting  
Regulation (EU)  
2021/1165***

# **NEW and PENDING REQUESTS**

## ***Food (food Subgroup)***

*CaOH; Mg CO<sub>3</sub> (E504); K-Na-Tartrat Tetrahydrat (E337); Lecithin; Ascorbic acid*

## ***Feed (petfood/feed Subgroup)***

*Lignocellulose ; micronutrient, Algae flour, methionine*

*Pending (from previous meeting): Papain; Ca OH<sub>2</sub>; trace elements; feed for special nutritional purposes; Algal oil and algae flour, Ca pidolate*

## ***Fertilisers (not scheduled yet)***

*CO<sub>2</sub> for algae; Biophosphate*
