Agri-Food Data

The Agri-food Data Portal's aim is the communication of agricultural data, the provision of access to accurate information and the promotion of transparency and prompt publication of all available market data for the public. Datasets result from the activities of the DG AGRI experts using the latest available national and European data.

DASHBOARDS **PRICES** **PRODUCTION** **TRADE** **ANIMAL PRODUCTS**

Currently covering only the pigmeat sector.
Extension in progress

Purpose

The Agri-food Data Portal offers full access to data related to pig meat prices, trade and production through a single page. In addition, in one screenshot, the dashboards gather all the useful available data important to farmers, producers, stakeholders and interested citizens in order to make informed choices. These dashboards are generated and updated on a regular basis by experts from DG AGRI using the latest available national and European data.
