WORDING	DEFINITION
Action	nature of the request (action requested)
Inclusion	request for inclusion in the EU organic farming regulation
Allowance for different use	request for change of disposition in the EU organic farming regulation
Revision	request for reconfirmation if the use of the following substance/technique included in the current EU organic farming regulation is still compliant with organic farming principles
Deletion	request for exclusion from the EU organic farming regulation
Positive + No. of EGTOP report	positive opinion of EGTOP
Negative + No. of EGTOP report	negative opinion of EGTOP
Positive C + No. of EGTOP report	positive opinion of EGTOP but with restrictions
Negative C + No. of EGTOP report	negative opinion of EGTOP, but if certain conditions are met it could be positive
Y	yes, the MS submit a dossier
N	no, the MS did not submit a dossier
X	no information
NO	the substance have not been evaluated by EGTOP so far / could not be classified for any Annex to 889/2008
	not published yet
	positive opinion
	negative opinion

PLANT PROTECTION MANDATE

ANNEX I & II

No.	Product	Action	Annex	Category (proposed use)	Details on application	Date	Country	Dossier	EGTOP Report
1	Renewable calcined phosphate	Inclusion	I	Fertilisers and soil conditioners	X	17/06/2011	AT	Y	NO
2	Amino 16 mixture of amino acids	Inclusion	I	Fertilisers and soil conditioners	X	21/06/2012	EL	Y	NO
3	Sheepfat	Inclusion	II	Plant protection products	Repellent by smell	26/07/2007	AT	Y	Positive C 3/2011
4	Diatomaceous earth	Inclusion	II	Plant protection	Insecticide	15/11/2012	DE	Y	Positive 9/14

				products					
6	Fatty acid potassium salt (soft soap)	Inclusion	II	Plant protection products	To be added as insecticide	25/06/2003 AND 17/01/2012	SE	Y	positive 9/14
7	Potassium bicarbonate (Potassium hydrogen carbonate)	Inclusion	II	Plant protection products	Insecticide (to be added to the current fungicidal use)	21/09/2012	BE	Y	positive 4/14
8	Xylitol	Inclusion	I	Fertilisers and soil conditioners	X	17/06/2011	AT	Y	NO
9	UV light	Evaluation	NO	Plant protection technique	Fungicide for onions and lettuce	19/12/2008	DK	N	Negative C 3/2011

10	Laminarin	Inclusion	II	Plant protection products	X	03/07/2008	FR	Y	Positive C 3/2011
11	Kaolin (EGTOP: a naturally occurring aluminium silicate)	Inclusion	II	Plant protection products	Insecticide	25/06/2010	FR	Y	Positive 3/2011
12	Chitin	Inclusion	I	Fertilisers and soil conditioners	X	26/06/2010	FR	Y	Positive C 2/2011
13	CO2	Evaluation	NO	Greenhouse production technique	X	25/01/2011	FR/ES	N	Positive C 2/2011

14	Hydrolyzed proteins	Inclusion	I	Fertilisers and soil conditioners	Of animal origin, in fluid or solid form	28/11/2008	IT	Y	Positive C 2/2011
15	Leonardite	Inclusion	I	Fertilisers and soil conditioners	X	15/09/2003	IT	Y	Positive C 2/2011
16	Copper	Revision	II	Plant protection products	X	X	IT	N	Positive C 3/2011

17	Beeswax	Revision	II	Plant protection products	X	X	IT	N	Positive C 3/2011
18	Iodine	Inclusion	I	Fertilisers and soil conditioners	X	21/07/2009	LT	Y	NO
19	Sapropel (EGTOP: as well as similar organic sediments from fresh water bodies)	Inclusion	I	Fertilisers and soil conditioners	X	21/07/2009	LT	Y	Positive C 2/2011

20	Potassium phosphonates (= Potassium phosphite)	Inclusion	II	Plant protection products	Fungicide - vines / downy mildew (Plasmopara viticola)	06/05/2013	DE	Y	Negative 9/14
21	Sodium hypochlorite (EGTOP: bleach or as javel water)	Inclusion	II	Plant protection products	Seed treatment	15/09/2003	IT / FR	Y	Negative 3/2011
22	Animal by-products of category 3 and digestive tract content (category 2), co-digested with organic materials / Effluent (digestate, digestion residues) from the production of biogas where the input is also animal by-products	Inclusion	I	Fertilisers and soil conditioners	A mixture of organically bound and mineral nutrients (ammonia) / Organic materials included in annex I of regulation (EC) no. 889/2008 co-digested with animal by-products of category 3 and/or digestive	12/10/2010	SE	Y	Positive C 2/2011

					tract content (category 2) including by-products from wild animals.				
23	Sulphur	Revision	II	Plant protection products	Repellent	X	X	X	Negative 3/2011
24	Synthetic pyrethroids (pyrethrins), deltamethrin and lambda-Cyhalothrin	Revision	II	Plant protection products	X	X	X	X	NO
25	Hosetail	inclusion	II	Elicitor, fungicide		16/07/2014	FR	Y	NO
26	Struvite (Magnesium ammonium phosphate hexahydrate)	Inclusion	I	Fertilisers and soil conditioners	Main use will be in plant propagation e.g horticulture. There is also potential for field scale use, though this is probably restricted to veg	16/09/2014	UK	Y	NO

					crops.				
27	Industrial lime from sugar cane production	Inclusion	I	Fertilisers and soil conditioners	Soil amendment to acid soils, calcium fertilizer	01/10/2014	PT	Y	NO
28	Leonardite - Potassium humate	Allowance for different use	I	Fertilisers and soil conditioners	Request to allow leonardite in liquid form (currently only in raw, powder form)	24/09/2014	CZ	Y	NO
