Civil Dialogue Group - CAP

CDG on CAP is a key forum for the consultation

We already had comprehensive exchanges since 2015.

Today, we share key questions for the future CAP, in an open way.

The public questionnaire will include more specific questions, with a list of possible answers (closed) a limited number of open questions.

The results of the consultation will be presented in a public setting in Summer 2017

The Communication will take into account results of the consultation.
