

Market transparency in the food supply chain

DG AGRI G.1

**EU Sugar Market Observatory
15 November 2019**

Key legal structure remains

- ISAMM
- Confidentiality
- Data quality and series continuity
- MS methodology definition
- Possible voluntary notifications
- Existing reporting obligations

(EU) 2017/1185

New elements in amended text

- Additional products (incl. additional processed)
- Buying prices
- Some additional quantities
- Reporting threshold 2% (4% organics)
- MS can delegate reporting
- Price collection along the FSC

(EU) 2019/1746

Next steps

- MSs: public authorities decide how to best implement, given legal structure (which products, how to organize reporting, etc.)
- EU level MS coordination / exchange of experiences
- Sectoral Cttees: new ISAMM forms

-> entry into force: 1 January 2021

Thank you
