1998/99	47,67	-	10,1	-	42,9	40,6384	1742	40,3399	43,2	103	136	76	111

Note 1: Basic beet prices from 1984/85-1994/95 in agricultural ECUs. Deviation from financial ECUs increased from 1.033651 to 1.207509 (switch over factor). Switch over factors are incorporated in the agricultural exchange rates. Basic beet price of 1995/96 = 1.207509 x Basic beet price 1994/95.

Note 2: Exchange rates are averages of the year, except the agricultural exchange rate of 1994/95, which is the average of 1/7/94 to 1/2/95, because of the switch over from agric. ECUs to financial ECUs per 1/2/95.

Note 1: Basic beet prices from 1984/85-1994/95 in agricultural ECUs. Deviation from financial ECUs increased from 1.033651 to 1.207509 (switch over factor). Switch over factors are incorporated in the agricultural exchange rates. Basic beet price of 1995/96 = 1.207509 x Basic beet price 1994/95.

Note 2: Regional premiums 81/82-89/90 have to be verified. Assumed to be 2.31% of basic beet price.

Note 3: Exchange rates are averages of the year, except the agricultural exchange rate of 1994/95, which is the average of 1/7/94 to 1/2/95, because of the switch over from agric. ECUs to financial ECUs per 1/2/95.

Note 1: Basic beet prices from 1984/85-1994/95 in agricultural ECUs. Deviation from financial ECUs increased from 1.033651 to 1.207509 (switch over factor). Switch over factors are incorporated in the agricultural exchange rates. Basic beet price of 1995/96 = 1.207509 x Basic beet price 1994/95.

Note 2: Regional premiums 81/82-89/90 have to be verified. Assumed to be 3.70 % of IP.

Note 3: National aid 1995/96 to 1999/2000 derived from Council Reg. 2038/1999.

Note 4: National aid in Central Italy from 1997/98 to 1999/2000 was respectively 43.5, 32.6 and 21.7 ECU/t of white sugar eq.

Note 5: National aid in Southern Italy from 1996/97 to 1999/2000 was respectively 76.1, 70.6, 65.2, 59.8 and 54.3 ECU/t of white sugar eq.

Note 6: National aid 1981/82-88/89 assumed to be 23.64 % of IP; in 89/90 90% of 23.64% of IP; in 90/91 80% of 23.64% of IP, and in 91/92 to 94/95 70% of 23.64% of IP. See Court of Auditors, 1999, par. 2.52.

Note 7: Late eighties 73% of national support for farmers (see Court of Auditors 1999, par.2.49). Since 1995/96 all national support for farmers, except in Southern Italy (see Council Reg.2038/1999). This table assumes 100% of all national support to farmers.

Note 8: Exchange rates are averages of the year, except the agricultural exchange rate of 1994/95, which is the average of 1/7/94 to 1/2/95, because of the switch over from agric. ECUs to financial ECUs per 1/2/95.

1997/98	47,67	1,898	5,4	0	47,0	201,3010	9464	199,204	47,5	158	229	69	124
1998/99	47,67	1,898	6,3	0	46,6	201,8440	9399	200,482	46,9	157	236	67	122

Note 1: Basic beet prices from 1984/85-1994/95 in agricultural ECUs. Deviation from financial ECUs increased from 1.033651 to 1.207509 (switch over factor). Switch over factors are incorporated in the agricultural exchange rates. Basic beet price of 1995/96 = 1.207509 x Basic beet price 1994/95.

Note 2: Regional premiums 86/87-94/95 have to be verified. Assumed to be 2.31% of IP.

Note 3: According to Council Reg. 2038/1999 no national support for period 95/96-99/00. For other years no information available. See also Court of Auditors, 1991, par. 2.57-2.59.

Note 3: Exchange rates are averages of the year, except the agricultural exchange rate of 1994/95, which is the average of 1/7/94 to 1/2/95, because of the switch over from agric. ECUs to financial ECUs per 1/2/95.

Note 1: Basic beet prices from 1984/85-1994/95 in agricultural ECUs. Deviation from financial ECUs increased from 1.033651 to 1.207509 (switch over factor). Switch over factors are incorporated in the agricultural exchange rates. Basic beet price of 1995/96 = 1.207509 x Basic beet price 1994/95.

Note 2: Regional premiums 86/87-94/95 have to be verified. Assumed to be 2.67% of IP. Report Court of Auditors (1991, par. 2.22) mentions that regional premium was 15.9% in 1996/97, which had to be reduced in 7 years to a normal level.

Note 3: National support 95/96 - 99/2000 see Council Reg. 2038/1999. Support entirely for beet growers.

Note 4: National support 1986/87-88/89 assumed to be 23.64 % of IP; in 89/90 90% of 23.64% of IP; in 90/91 80% of 23.64% of IP, and in 91/92 to 94/95 70% of 23.64% of IP. See Court of Auditors, 1991, par. 2.56 (Spain) and 2.52 (Italy). It is assumed that 73% of national aid is transferred to farmers.

Note 5: Spain is allowed to support sugar producing undertakings with ECU 45.65 million during 93/94 till 96/97. See Council Reg. 2038/1999, art.53.6. That is not included in this table.

Note 3: Exchange rates are averages of the year, except the agricultural exchange rate of 1994/95, which is the average of 1/7/94 to 1/2/95, because of the switch over from agric. ECUs to financial ECUs per 1/2/95.
