## Standard cycle evaluation end 2023 – after 5 years of implementation

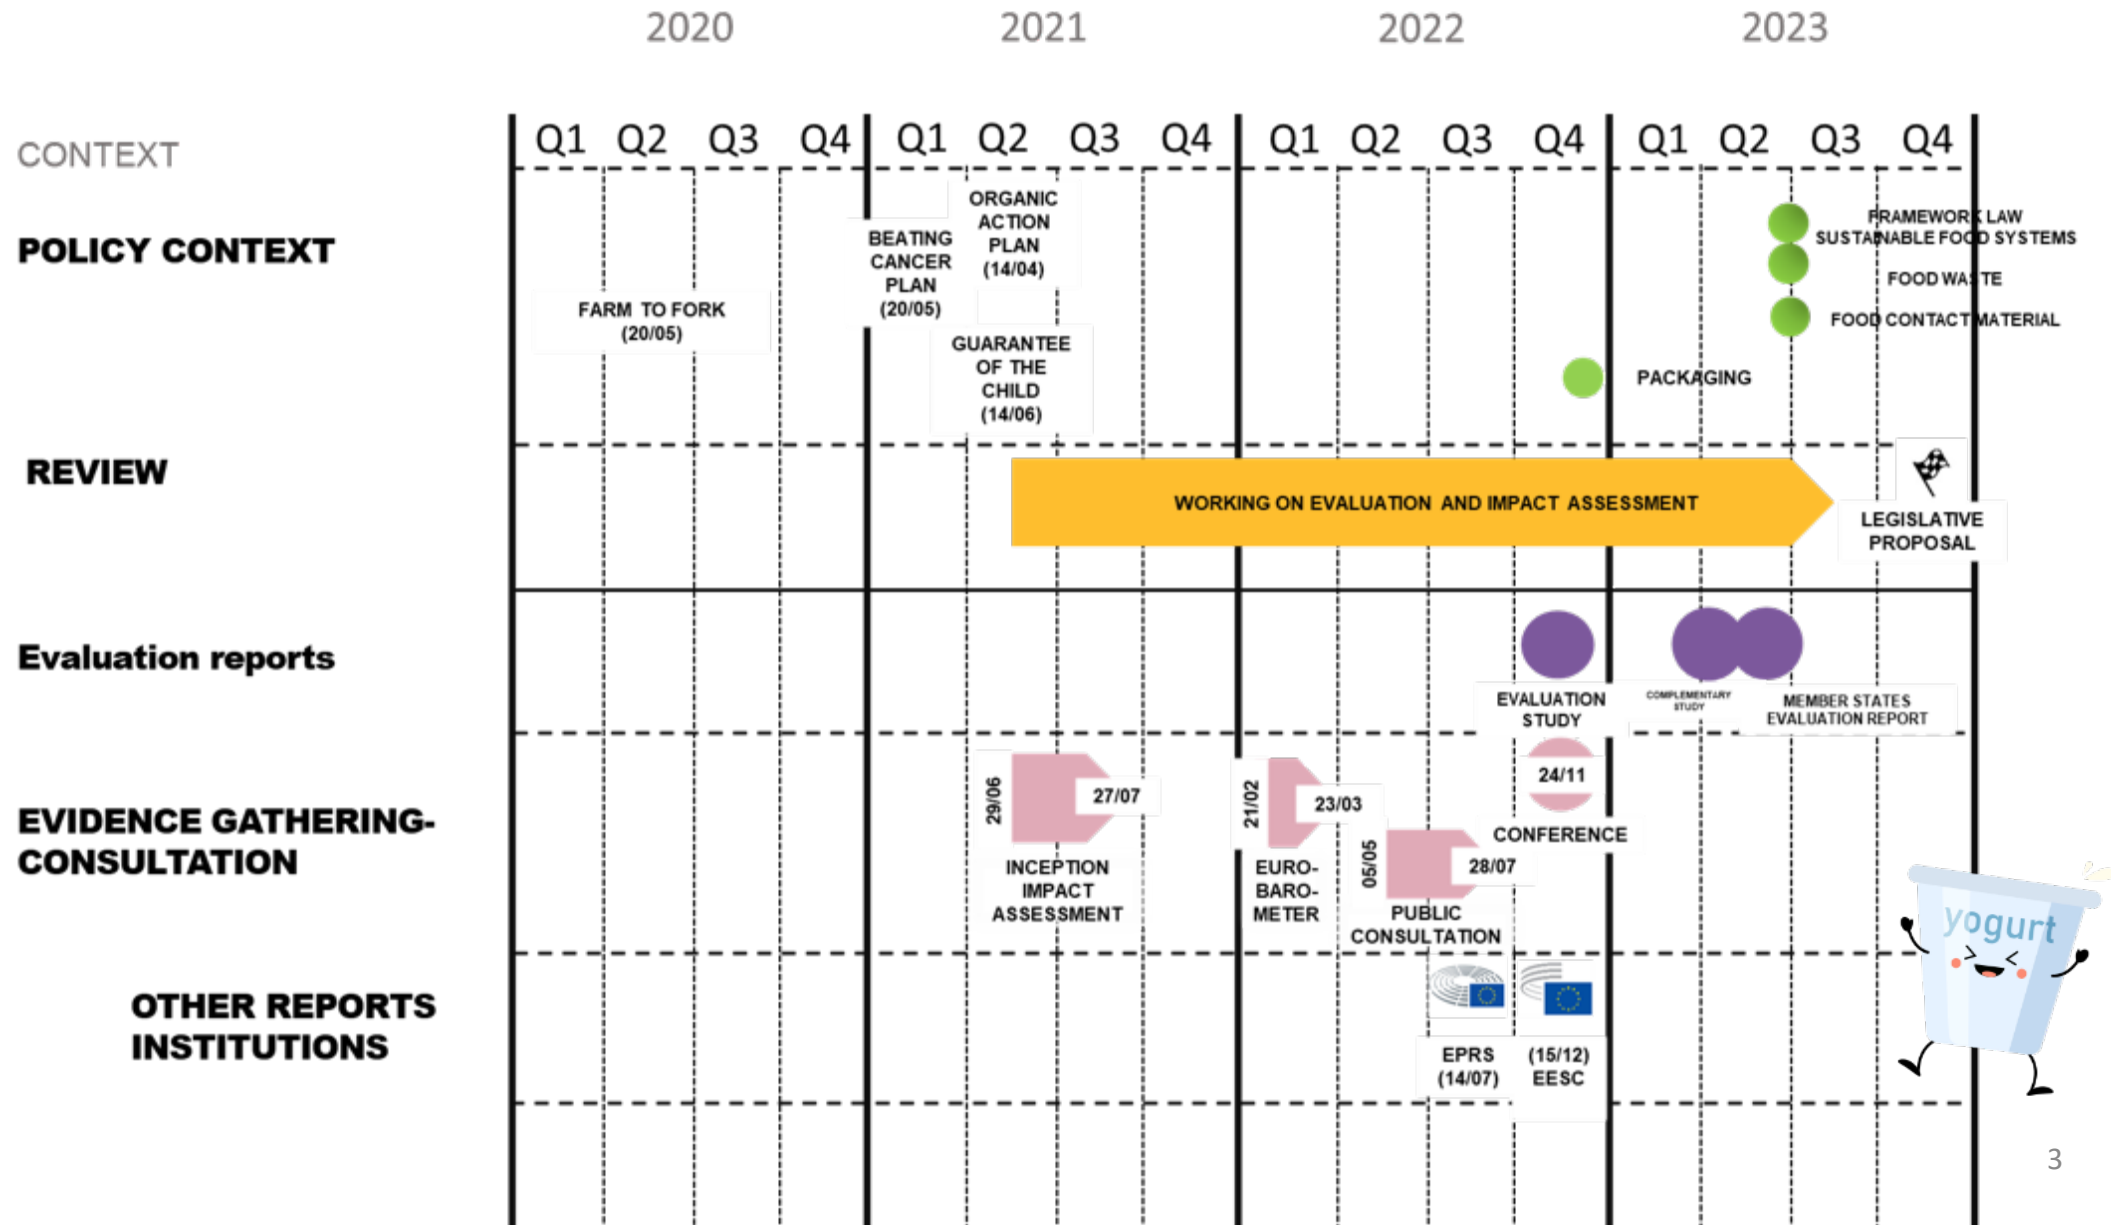

But ...

the **Farm to Fork Strategy** states that for the creation of a favourable food environment that makes it easier to choose healthy and sustainable diets (Action 25) we need to enhance its contribution to sustainable food consumption and in particular to strengthen educational messages on the importance of healthy nutrition, sustainable food production and reducing food waste.

**Back-to-back process**

## A cartoon illustration of a green pea in its pod and an orange carrot, both with smiling faces and arms, holding hands. The pea has a green vine with leaves on top, and the carrot has green leafy tops. They are standing on small black legs.
