DISCLAIMER

- This presentation has been prepared by DG AGRI in order to facilitate the discussion in the Committee
- The draft annual work programme has not yet been validated and may be subject to change

What is an 'annual work programme' ?

- sets out the priorities and the corresponding budgets
- includes arrangements for market disturbance
- is the legal basis for financing promotion measures

Budget

Available budget for 2020 AWP is EUR 185.9 million in total, out of which:

- EUR 89 million for "simple" promotion programmes
- EUR 87.4 million for "multi" promotion programmes
- EUR 9.5 million for Commission's own initiatives

How did we draft the AWP 2022 priorities?

- The objectives of the Regulation itself: (i) focus on those third countries where there is the highest potential of growth and (ii) in the internal market, inform consumers about the high standards of EU products, notably the EU quality logos
- Coherence with EU policy priorities (notably the European Green Deal and the Farm-to-fork strategy)
- For third countries, a macro-economic analysis on projected increase in imports on existing or emerging markets, as well as a policy evaluation on FTAs or expected removal of SPS barriers
- Contributions from stakeholders, consulted through Civil Dialogue Groups
- Results of previous calls (submissions' rates)
