1. ADMINISTRATIVE LEVEL OF IMPLEMENTATION

Article 23(8) of Regulation (EU) No 1308/2013 (hereafter, the basic act) and Article 2(1)(a) of the Commission Implementing Regulation (EU) 2017/39 (hereafter, implementing regulation)

National	<input checked="" type="checkbox"/>	The Scheme is administered by the Agriculture and Rural Payments Agency who shall collaborate with the National School Support Services within the Ministry for Education, Sport, Youth, Research and Innovation as well as with the Health Promotion and Disease Prevention Department within the Ministry for Health and Active Ageing.

2. NEEDS AND RESULTS TO BE ACHIEVED

2.1. Identified needs

Through the evaluation of the School Scheme for School Years 2017/2018 to 2021/2022 in Malta, it transpired that the School Scheme is positively viewed by parents, teachers, heads of schools and stakeholders, with the latter also perceiving the Scheme to be fulfilling its overall objective of raising children's awareness of the importance of a healthy and balanced diet in their life.

In a wider context, the majority of parents are aware of the recommended intake of milk, fruit and vegetables however, the accessibility of fast food and other unhealthy options and fast-food entities' considerable advertising and promotional budgets invariably are detrimental to the establishment of a healthy and balanced diet given the fast-paced lifestyle the majority of households live. Indeed, this has seen an increase in childhood obesity.

Having said that, research indicates that the milk component of the School Scheme is more successful and consumption patterns are more in line with the recommended daily intake.

Overall, whilst parents are aware of the recommended daily intake of fruit and vegetables, children's actual daily consumption of fruit and vegetables is still below the recommended daily intake and hence, this needs to be tackled in the new School Scheme Strategy.

In this regard, the educational aspect of the School Scheme shall be further emphasized while incorporating both short- and medium-term goals.

- Article 23(8) of the basic act and Article 2(1)(b) of the implementing regulation

The priority that needs to be addressed by this Strategy is the persisting low consumption of fruit, vegetables, and milk by children in Malta.

2.2. Objectives and indicators

Article 23(8) of the basic act and Article 2(1)(c) of the implementing regulation

General objective(s)	Impact indicator(s)	Specific objective(s)	Result Indicator(s)	Output Indicator(s)
<i>Statistically significant* increase in the share of fruit, vegetables and milk in children's diets to achieve healthy eating habits.</i>	<i>Statistically significant* increase in consumption of fruit, vegetables and milk by children by the end of the six-year period.</i>	<i>Statistically significant* increase the consumption of fruit, vegetables and milk by children in school.</i>	50% of children participating in the school scheme per school year on total number of children in the target group.	Number of children participating in the school scheme per school year.
			50% of schools participating in the school scheme per school year on total number of schools in the target group.	Number of schools participating in the school scheme per school year.
	<i>Statistically significant* increase in the answers indicating increased knowledge relating to healthy eating habits, by the end of the six-year period.</i>			Average consumption of school fruit and vegetables/milk per child and per school year (quantity or portions)
		<i>Statistically significant* increase of knowledge by children in schools about the variety of agricultural products and about healthy eating habits.</i>	10% of children involved in accompanying Educational.	Number of children involved in Educational measures per school year. Expenditure on educational measures.

*A statistically significant increase is being taken to mean an upward variation that is higher than that attributable to probability and/or error, and that is higher than the natural background variation.

2.3. Baseline

Article 23(8) of the basic act and Article 2(1)(d) of the implementing regulation

Data and results of the evaluation exercise carried out in February 2023 shall be used as basis against which the achievement of the identified objectives will be measured. In particular, new data relating to awareness, intake, preference and attitude as well as lifestyle habits shall be collected and compared with the comparable data in the same evaluation exercise.

3. BUDGET

3.1. Union aid for the school scheme

Article 23a of the basic act and Article 2(1)(e) of the implementing regulation

EU aid for the school scheme (in EUR)	Period 1/8/2023 to 31/7/2029		
	School fruit and vegetables	School milk	Common elements if applicable
Distribution of school fruit and vegetables/school milk	€1,740,000	€433,500	
Accompanying educational measures		€434,700	
Monitoring, evaluation, publicity ⁴		€289,800	
Total	€1,740,000	€1,158,000	
Overall total	€2,898,000		

3.2. National aid granted, in addition to Union aid, to finance the school scheme

Article 23a(6) of the basic act and Article 2(2)(d) of the implementing regulation

No	<input type="checkbox"/>		
Yes	<input checked="" type="checkbox"/>		
If yes, amount (in national currency)	Fruit/vegetables		Milk/milk products
		Milk/milk products other than Annex V	Annex V products
Supply/distribution	€2,983,032	€607,500	€0

Accompanying educational measures	€651,071		
Monitoring, evaluation, publicity	€4,237,818		
Total	€4,888,889		

The above financial estimate is based on workings which has been partially approved for scholastic years 2023/2024 until 2025/2026.

National aid shall be provided in accordance with domestic legislation for the whole duration of the Strategy. It shall serve to broaden the scope of the scheme. In particular, National Aid shall also serve to finance the consumption of fruit, vegetable and milk portions by school teaching staff (Teachers, LSA's, and Kindergarten Assistants). Malta believes this to be important as school staff can help set a good example for children to follow, thus increasing the efficacy of this initiative. National aid shall also be utilised to supply portions to students over the age of 16 years which are attending Educational Resource Centres.

Article 23(8) of the basic act and Article 2(2)(b) of the implementing regulation

The overall price of the tender for the school fruit and vegetables and the school milk supplied under the school scheme includes the supply and transportation costs.

The new School Scheme in Malta will be administered at national level by the Agriculture and Rural Payments Agency (ARPA) within the Ministry for Agriculture, Fisheries and Animal Rights (MAFA). It will be administered with the cooperation of the National School Support Services within the Ministry for Education, Youth, Sport, Research and Innovation, as part of the Government of Malta. The Health Promotion and Disease Prevention Department have also been consulted on the various aspects of this strategy.

The demarcation of roles and responsibilities between the Ministries and the entities involved in the Scheme shall be established in a written cooperation agreement signed by representatives of each entity.

The respective roles shall be divided as follows:

Ministry for Agriculture, Fisheries and Animal Rights (MAFA)

The Agriculture and Rural Payments Agency within MAFA is responsible for the overall management, control and monitoring of the scheme, including procurement and payment procedures.

Ministry for Education, Youth, Sport, Research and Innovation (MEYR)

The Projects and Initiatives Section, National School Support Services, within MEYR is responsible for liaising with the educational establishments. The Home Economics Seminar Centre within the Department of Curriculum Research, Innovation and Lifelong Learning, Directorate for Learning and Assessment Programmes, is responsible for promoting the new School Scheme in school *curricula*. The HESC also co-ordinates and facilitates age-appropriate, interactive, educational activities to promote the health benefits associated with the consumption of fruit, vegetables and milk as part of a healthy diet.

Ministry for Health and Active Aging

The Ministry for Health and Active Aging plays a consultative role to the New School Scheme in the school curriculum. The Health Promotion and Disease Prevention Directorate within the Superintendence of Public Health certifies that children are receiving top quality healthy products and plays a very active role in the dissemination of information as regards health benefits in the consumption of fruit, vegetables and milk as part of a healthy diet.

Other stakeholders

The active involvement of private, public sector and civil society is encouraged to ensure the success of the New School Scheme. In more specific terms, ideas on improving the administration of the scheme shall be solicited also from parents' and teachers' associations as well as from the participating contractors.

7.8. Information and publicity

Article 23a(8) of the basic act and Article 2(1)(m) of the implementing regulation

The Agriculture and Rural Payments Agency shall ensure that the new School Scheme is adequately publicised in order to ensure sufficient awareness and to comply with the publicity and visibility requirements of the applicable Regulations.

In order to ensure the efficient use of the available financial resources, the Agriculture and Rural Payments Agency shall combine together the publicity and educational measures for school fruit and vegetables, and the school milk. The Agriculture and Rural Payments Agency shall procure and distribute posters bearing the official scheme Logo among all participating schools. The poster shall feature a mascot designed by School children in a competition held for this purpose during the Skolasajf summer school programme of 2017. The Agency shall also ensure that the new Scheme's poster shall be put up in a visible and prominent place at the main entrance of each participating school. This poster shall bear the official artwork of the scheme together with the emblem of the European Union and of the Republic of Malta illustrating that the new School Scheme is financed by the European Union and by the Republic of Malta, as the case may be.

The Agriculture and Rural Payments Agency shall also procure a roll-up banner with the official artwork of the Scheme and emblems. This shall be used in all educational and publicity events to be undertaken.

Moreover, throughout the implementation of this Strategy, the Agency shall discuss and evaluate ways on how to better disseminate the message being promoted by this initiative in a more efficient and effective manner. This dissemination will target children, parents and guardians. To this end, the Agency shall set up the scheme webpage hosted on the Agency's website, including promotional and educational material on the scheme. The Agency shall also procure the services of an animator for use in all events.

The Agency shall also procure and distribute various promotional material.

All educational and promotional material distributed as part of the new School Scheme shall be branded with the appropriate artwork and emblems.

7.9. Administrative and on-the-spot checks

Article 2(2)(g) of the implementing regulation

Administrative Controls

Administrative checks shall be carried out by the Agriculture and Rural Payments Agency on all requests for payment. The request shall be accompanied by a copy of invoices which will be clearly itemised. These supporting documents shall be checked for accuracy.

On-the-spot Controls

The administrative controls highlighted above shall be complemented by on-the-spot checks. These on-the-spot checks shall be carried out on a pre-payment basis by the Agriculture and Rural Payments Agency at the Contractor's premises, to ascertain adherence with tender conditions and the provisions of the relevant regulations.

Controls are also carried out within the premises of the participating educational establishments to ensure that schools are fulfilling their role with regards to the distribution and participation in accompanying measures. Selection and control of the Contractor's premises and the participating schools will be made on the basis of a risk analysis in accordance with Article 10 of the Commission Implementing Regulation (EU) 2017/39 of 03 November 2016 on rules for the application of Regulation (EU) 1308/2013 of the European Parliament and of the Council with regards to Union aid for the supply of fruit and vegetables, and milk in educational establishments.

7.10. Monitoring and evaluation

Article 2(2)(g) of the implementing regulation

Monitoring shall be carried out in order to provide information on progress in programme implementation, in accordance with Article 8 of Commission Implementing Regulation (EU) 2017/39. The Agriculture and Rural Payments Agency shall carry out this exercise with the participating schools on an annual basis in line with Article 9 of Regulation 2017/40.

This monitoring shall include checks on how participating schools are encouraging and promoting the consumption of fruit and vegetables, and milk amongst children. Checks shall also be carried out on the effectiveness of the accompanying measures and the relative response by children through their participation. When non-compliance or shortcomings are detected, *ad hoc* remedial actions shall be taken, in order to address such shortcomings.

The results of this monitoring exercise will be notified by 31 January following the end of the school year concerned in line with the applicable Regulations.

Moreover, the Competent Authority shall, at the end of the six-year period, undertake to prepare an evaluation report containing the results of the evaluation exercise as provided for in Article 8 of Commission Implementing Regulation (EU) 2017/39.
