4.5.a. Supplied/distributed portions

	School fruit and vegetables	School milk
Number of portions distributed per child		
Comments	<i>no participation in the fruit/ vegetables component</i>	<i>calculation of distributed portions is not possible because of different reasons: portions that were drunk per child are not recorded; portion sizes can differ: 0.2 L as well as 0.25 L are possible, in "Kitas" portion sizes can differ and may also be only 0.1 L; not every child drinks milk every school day throughout the school year; number of children who actually drink milk is not recorded; an estimation would also be biased because of the same reasons</i>
