- ▶ Main milk producing countries represented, under-representation of Africa

# WHAT IS AN IDF WORLD DAIRY SUMMIT?

Rotterdam (Netherlands-2016)

- An annual 4-day international event, hosted by an IDF member country, accessible to IDF and non-IDF member countries
- Sessions (scientific, economic, technical), with high-level expert speakers
- An overview of the local dairy sector of the host country through optional technical tours (farms, processing sites, laboratories...)
- Networking opportunities (welcome reception, gala dinner, side events)

Istanbul (Turkey – 2019)

Daejeon (South Korea – 2018)

**The IDF World Dairy Summit is preceded by statutory and expert meetings (Standing Committees), open to IDF members only.**

**High-level speakers in previous IDF World Dairy Summits**

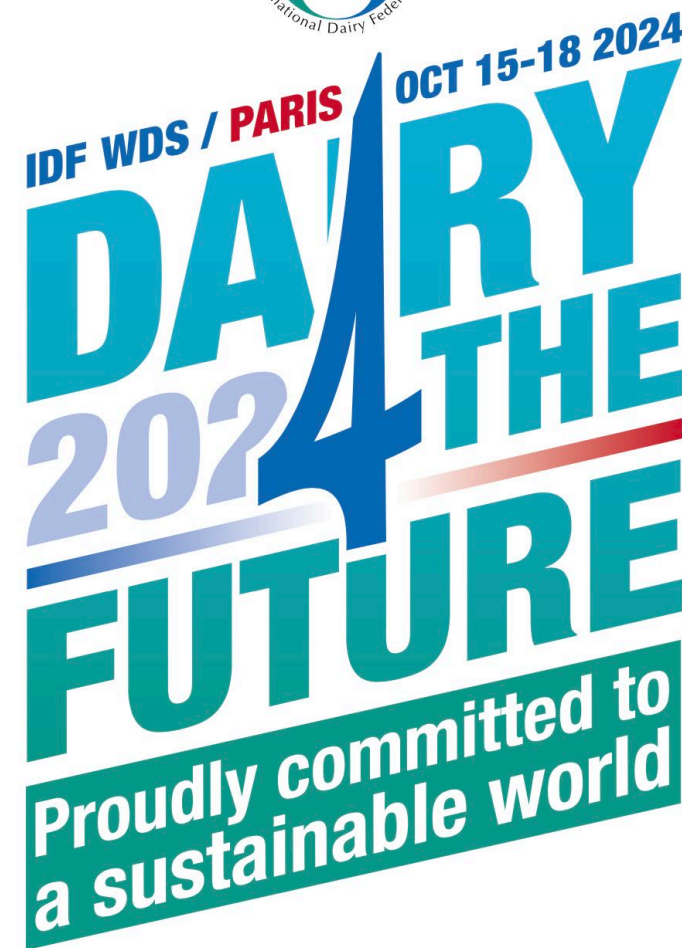

New Delhi (India - 2022)

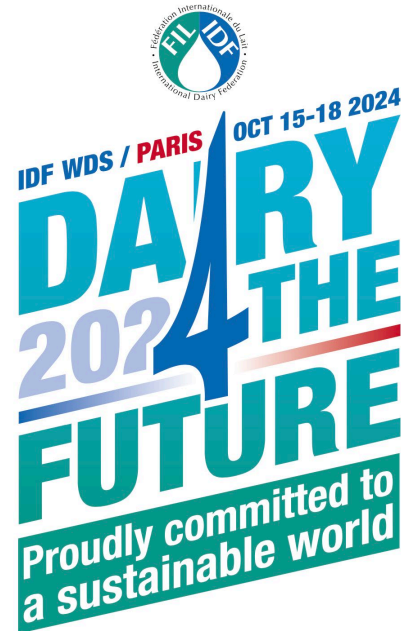

# IDF World Dairy Summit 2024

15 – 18 October 2024 - PARIS

Paris IDF World Dairy Summit aims to demonstrate that **DAIRY PRODUCTS ARE PART OF THE FUTURE**

Facing an increasing global demand, the global dairy sector must **MEET THE CHALLENGE OF FOOD SECURITY**

The global dairy sector **WORKS COLLECTIVELY TO REDUCE ITS ENVIRONMENTAL IMPACTS**

The global dairy sector has many assets to **BRING IN NEW TALENTS**
