<i>of which: Private</i>			0				0	0
Comments	<i>Implementation under the circumstances of Covid-19: some Autonomous Communities adapted the choice of products to the COVID protocol established by the Ministry of Education, distributing fruit/vegetables products of range IV to younger pupils in order to avoid manipulation by others; some schools that previously requested the distribution of 1-litre formats requested 200 cc formats to avoid the distribution of milk in classrooms and the removal of the masks. In some Autonomous Communities it has not been possible to implement the scheme because the Education Departments have not allowed it.</i>
