Social implication of greening

- **Why are EFFAT so interested in greening?**
- **Where do we see social implications?**
- **What are our proposals for solve the problems?**
- **Where do we see social benefits?**

Social implication of greening

Why are EFFAT so interested in greening?

- We see some social problems
- We see a lot of benefits

Social implication of greening

Where do we see social implications?

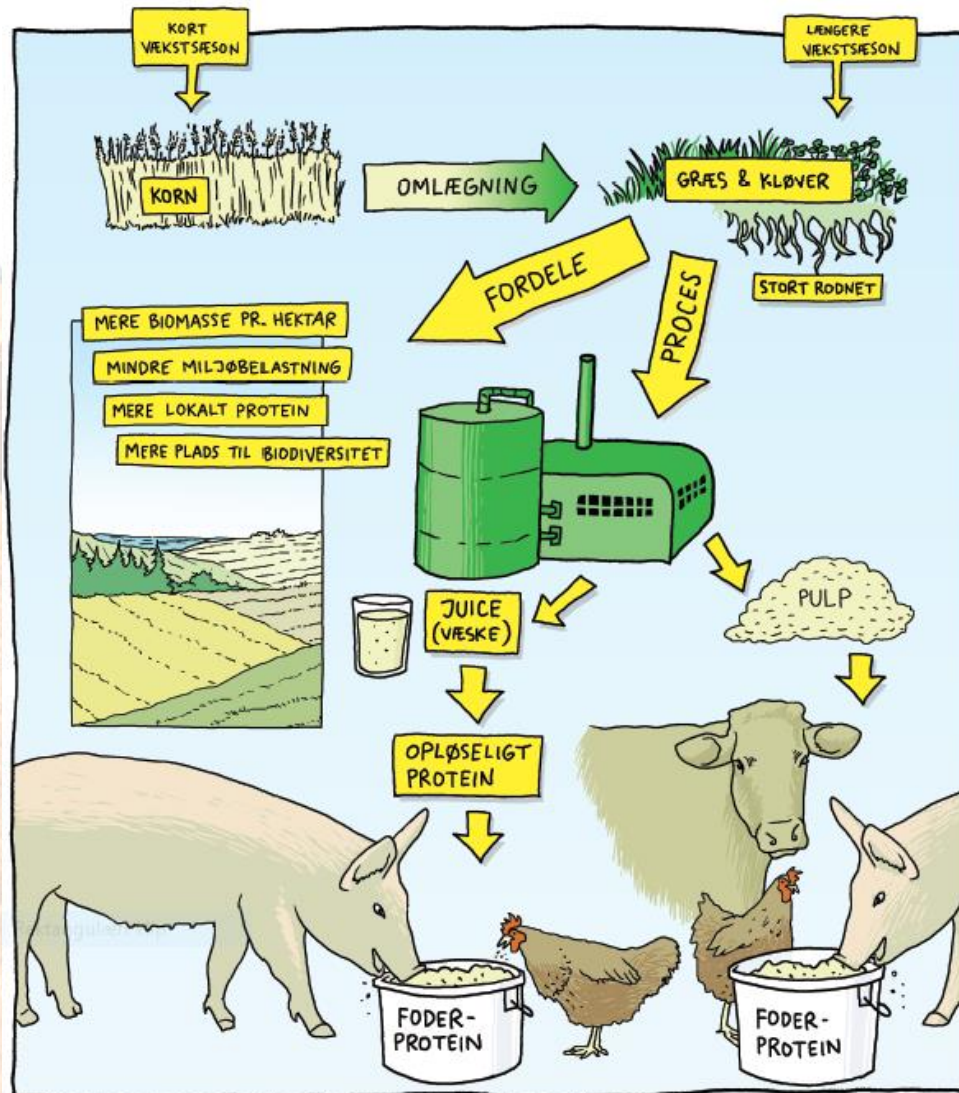

- There can be job loosing
- Type of work is changed

Social implication of greening

What are our proposals for solve the problems?

- Focus on new greener products
- New education and training

Social implication of greening

Social implication of greening

Where do we see social benefits?

- **Jobcreation**
- **Better health and safety**
- **Better education**
