THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1144/2014 of the European Parliament and of the Council of 22 October 2014 on information provision and promotion measures concerning agricultural products implemented in the internal market and in third countries and repealing Council Regulation (EC) No 3/2008\(^1\), and in particular Article 11(2) thereof,

Whereas:

(1) Following the publication of the call for proposals for simple programmes on the ‘Funding & tender opportunities’ portal\(^2\), 98 proposals have been submitted.

(2) The European Research Executive Agency (‘REA’) has been entrusted with the evaluation of the proposals for simple programmes in accordance with the criteria laid down in the said call. To that end, an evaluation committee within REA has been set up.

(3) A separate ranking list has been established for each priority topic set in the call.

(4) Given the available budget, the 50 highest ranked proposals should be granted the Union’s financial contribution.

(5) 17 proposals, which are not amongst the highest ranked proposals, but pass the minimum thresholds laid down in the call for proposals, should be selected for inclusion in the reserve list of proposals. Should there be any appropriations available, those proposals should be granted the Union’s financial contribution following the established ranking order, without adopting a second implementing decision. At the same time, the programmes not being thus selected from the reserve list should be considered rejected.

(6) 12 proposals have not met the thresholds laid down in the call for proposals, 15 proposals failed to comply with the eligibility criteria and 4 proposals were not admissible. These proposals should therefore be rejected.

(7) In the light of the recommendations of the evaluation committee, the applicants who submitted certain selected programmes and the applicants who submitted certain proposals included in the reserve list should be invited to adjust their programmes, in

accordance with Article 200(5) of Regulation (EU, Euratom) 2018/1046 of the European Parliament and of the Council³. The maximum amount of the Union’s financial contribution to the selected programmes should be established regardless of whether the applicants concerned accept the adjustments.

(8) The measures provided for in this Decision are in accordance with the opinion of the Committee for the Common Organisation of the Agricultural Markets,

HAS ADOPTED THIS DECISION:
